TECHNICAL SKILLS

Programming languages: C#, Python, JavaScript/TypeScript, SQL, HTML/CSS
Libraries/Frameworks: .NET, ASP.NET WEB API/MVC, EF Core, JQuery, Azure, React
Developer Tools: Git, Visual Studio, MSSQL, Oracle SQL Developer, Bitbucket, Jira, Azure Blob Storage, RabbitMQ, Docker

EXPERIENCE

Software Engineer — Feb. 2023 – Present
Commerzbank AG — *Poland, Lodz*

- Launched a REST API using ASP.Net API and MSSQL, resulting in the storage of customer data for over 10,000 customers.
- Maintained a Document Management System using ASP.NET WebForms and jQuery, utilizing a large-scale database managed in SSMS.
- Developed a service to efficiently handle and process data from a database containing over 300,000 documents.
- Implemented automated testing using UFT, resulting in a 30% reduction in software defects and ensuring the reliability and functionality of the Document Management System.
- Optimized a document conversion process for a high-volume document management system by reducing conversion time by over 50% resulting in a 25% increase in overall productivity.

.NET Developer intern — Apr. 2022 – Jan. 2023
Commerzbank AG — *Poland, Lodz*

- Programmed a service to automate folder hierarchy creation, reducing manual work for team members by 80%
- Conducted extensive testing of 50+ new features and bug fixes, resulting in a 30% decrease in software defects and significantly improving the stability and quality of applications.
- Collaborated in troubleshooting and resolving issues in the production environment, resulting in a 30% decrease in system downtime.

ACCOMPLISHMENTS

Collabathon — July. 2022 – July. 2022
Hackhaton — *Poland, Lodz*

- Secured 1st place in the "ZOO Challenge" by presenting an innovative web app prototype that utilized QR codes and virtual "Tamagotchi" animals, captivating the judges with its engaging and educational approach to enhancing the zoo experience for children.
